PROFILE

Full-stack developer experienced in building CRM, CMS, and eCommerce solutions using React, Mantine, and WordPress. Adept at both frontend and backend development, with a strong interest in scalable and user-centered software design.

WORK EXPERIENCE

Right Brain Solution Ltd.   2024 - Present

Junior Software Engineer

- Developed and maintained CRM, CMS, eCommerce, and web applications using React and Mantine.
- Built and customized websites using WordPress and popular plugins such as Elementor and Fluent plugins (FluentCRM, Fluent Forms, Fluent Support).
- Integrated dynamic front-end components with backend APIs for seamless performance.
- Worked on responsive, accessible, and scalable UI designs for client projects.
- Collaborated with design and backend teams to deliver high-quality software solutions on schedule.

Daraz Bangladesh   Oct 2023 – Feb 2024

Customer Service Executive

- Handled customer queries and complaints efficiently via chat, email, and phone support.
- Assisted customers with order tracking, refunds, and product information.
- Ensured high levels of customer satisfaction through professional communication.
- Collaborated with internal teams (logistics, product, seller management) to resolve issues promptly.

White Services Technology   NOV 2022 – APR 2023

Software Engineer Intern

- Developed Android applications using Kotlin, following MVVM architecture.
- Collaborated with senior developers to design and implement user-friendly interfaces.
- Participated in debugging, testing, and performance optimization of Android apps.
- Gained hands-on experience with REST APIs and third-party library integrations.

EDUCATION

Bachelor of Science   2017 – 2022

Independent University, Bangladesh

CGPA: 3.06 / 4.0
